Rural School Children Asked To Assist In New Scrap Drive Now Underway In Comanche County

The children attending rural schools in the Comanche territory have been asked to lend their aid in the new scrap iron drive now under way. It is planned to have these children bring whatever scrap they can to school each day to be piled on the school grounds, later to be hauled into town.

The Government suggested the help of school children in collecting scrap and Sol Hoffman, who is the official scrap dealer for Comanche and surrounding territory, is sponsoring this plan and believes that approximately twenty-five tons of scrap, which is equivalent to one carload, can be gathered this way.

Persons dwelling in the vicinity of the school grounds who wish to send their scrap to war without hauling it to town may do so by adding it to the accumulations at the school grounds. No iron or shoddy materials are wanted, only hard iron. It is planned to request the aid of school buses to bring the scrap into Comanche, and receipts will be used by the schools for their athletic funds, or whatever they wish.

Not only are the school children to take part in the present drive, but everyone else is asked to bring in all the scrap on hand to help meet the Government demand.

District Governor Speaks To Lions Club Here Tuesday

Joe E. Childers, district governor of Lions International, was guest speaker at the luncheon meeting of the Comanche Lions Club Tuesday. He was introduced by the program chairman, Karl Hock, and spoke regarding the war efforts being made by Lions clubs of this district, Brownwood, Comanche, Hamilton, Stephenville, Ranger, Eastland and Cisco. He also gave a brief outline of the work being done by Lions International in the 14 countries included in its membership.

Guests at the meeting were Steve Heather of Brownwood, Sam Hamlett, new Production Credit manager, and Karl Brumlow.

Private Billie Clemons Cited At Fort Knox

Pvt. William E. Clemons of Comanche was singled out this week at graduation ceremonies at the Armored Replacement Training Center at Fort Knox, Kentucky, for his "excellent conduct" and outstanding work as a trainee, according to an announcement from Major Addison F. McGhee, Jr., Fort Knox Public Relations officer.

Pvt. Clemons took part in the graduation, marking the end of six rigorous weeks of basic training. He now goes to an armored combat unit for more training.

He is the son of Ira B. Clemons of Comanche. He is a graduate of Comanche High School, and was a junior student at Texas A & M. when called into the armed services.

Lt. M. T. Mason Finishes Training As B-24 Pilot

Lt. Marney T. Mason, Jr., son of Mr. and Mrs. M. T. Mason of Comanche, graduated Wednesday at the Fort Worth Army Air Field. Lt. Mason was one of the fifteen Texans to graduate with the fifth class from the Fort Worth AAF bomber pilot school.

Graduates of the Fort Worth bomber pilot school either become instructors, or are sent to tactical schools for final phases of pre-combat training on the new Liberator bombers.

Lt. Mason has a brother, Pvt. Allen Mason, who is serving in the Army in the Southwest Pacific.

Lt. R. A. Cox, Jr. Visits Uncle Here

Lt. R. A. Cox, Jr., formerly of Dallin, now of Mitchell Field, Long Island, New York, visited his uncle, Bob Cox, in Comanche this week.

Lt. Cox, a 1939 graduate of Dallin High School, has been in the armed services for three and one-half years, and recently won his wings at Napier Field, Alabama, as a fighter pilot in the U. S. Army Air Corps.

Since entering the service, he has been stationed at Fort Bragg, North Carolina; Montgomery, Alabama; LaFayette, La.; and in Greenwood, Mississippi, and is now stationed at Mitchell Field, Long Island, New York.

COMYN LOSES TO EARLY, 27 TO 7

Gets Medal For Heroism In Africa

Pvt. Hubert D. Merworth, Comanche, was awarded the Soldier's Medal along with two other Texans, Lt. James L. Smitherman, Overton, and Pvt. Grover Watson, Karnack, for outstanding heroism during an explosion of bombs on June 26, at an Algerian base in North Africa, according to an nauncement from the War Department.

When a number of bombs exploded at an ordnance area, these three men aided in removing the injured, and placing them in ambulances, and in checking the spreading flames, in spite of the danger of continued explosions.

All three of the men were members of the Army Medical Corps.

Pvt. Merworth, before his induction into the Army, lived in the Stag Creek community, northwest of Comanche.

McDaniel Is New Welfare Officer

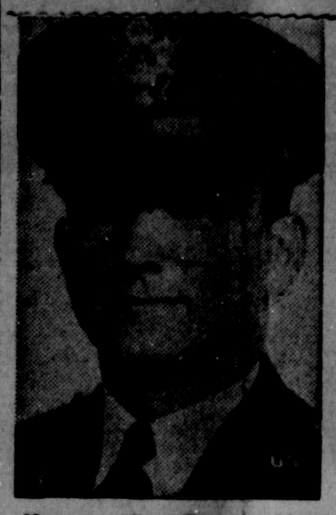
Roy P. McDaniel of Erath County has been named co-director of Welfare Work in Comanche County and already has assumed his duties here. He, along with Mrs. Ernestine Arthur, has charge of Old Age Assistance, Aid to Dependent Children and the Needy Blind in this section.

Mr. McDaniel taught in the Proctor schools last year and Mrs. McDaniel is teaching there again this year.

Miss Eula Harris is visiting her sister in Cotulla.

Mrs. J. M. Stewart of Katy and Houston are visiting her sisters, Mrs. M. A. Ferguson, Mrs. H. J. R. Gille and Miss Addie Harvey.

Lt. Colonel Morris



Norman G. (Beans) Morris, 28, son of Mr. and Mrs. Earl S. Morris of Sipe Springs, has recently been promoted from the rank of major to that of lieutenant-colonel according to word received here this week.

Lt. Colonel Morris, a fighter pilot, is a squadron leader, and is serving in the South Pacific. "He is the leader of perhaps the best fighter squadron in the Army Air Forces," writes Colonel G. B. Greene in a letter to his parents. "He has been through some very rough times, but has always brought his boys out on top. They all respect and admire him."

He holds the Distinguished Flying Cross, the Air Medal, and several other decorations. Early in July, he was presented the Air Medal in the South Pacific for 25 operational missions as a fighter pilot by Lt. Gen. George C. Kenney, Allied Air Forces commander in the Pacific area.

Lt. Colonel Morris has been in the South Pacific, around New Guinea since February, 1942.

Belated Returns Show That Voters Defeat Plan To Enlarge District; Two Supervisors Are Re-Elected

Belated returns show that the proposition to enlarge the Upper Leon Soil Conservation District to include the entire county failed by three votes to get a majority in the recent referendum. A two-thirds majority was necessary for the district to be enlarged.

Comanche was the only box going in favor of the proposition. The vote was as follows: Comanche, for 52, against 36; Gustine, for 21, against 29; Lamkin, for 19, against 19; Sipe Springs, for 16, against 24.

Farmers from the North part of the county already included in the district met recently at De Leon and elected supervisors for Zones 2 and 3 of the district, officially known as the Upper Leon Soil Conservation District.

W. J. Fritts from the Van Dyke community was re-elected for a term of two years in Zone 2 which represents that portion of Comanche County in the conservation district South of Highway 81 starting at Erath County line to Copperas Creek, then up the Martin Branch.

H. J. Huddleston from the Duster community was re-elected for a three year term in Zone 3 to represent the portion of Comanche County in the district North of Highway 81 and North of Martin Branch.

C. M. Caraway, member of the State Soil Conservation Board stressed the importance of farmers and ranchers taking part in selecting district supervisors.

"State Soil Conservation law provides a democratic procedure which places the responsibility of operations of the district on the landowners," said Mr. Caraway, "and if the program is to function in a successful and satisfactory manner, the landowners must participate in all of the operations and especially in the selection of district supervisors."

District Supervisors Fritts and Huddleston expressed their appreciation for the cooperation given by group leaders and landowners cooperating with the district program.

DAILY PAPERS

The Comanche Chief is taking orders for daily papers to be sent by mail to the subscriber.

FORT WORTH PRESS

The Fort Worth Press is one of the few daily papers taking new subscribers. The price is $7.80 per year both for new subscriptions and for renewals. There will be no bargain rates this year, but those who want The Press can make a saving by ordering The Chief and The Press together at The Chief office. We will be glad to send off your renewal or your order as a new subscriber.

FORT WORTH STAR-TELEGRAM

If you are taking the Fort Worth Star-Telegram by mail, we can renew that paper for you for another year. The price is $12.00 per year for the Daily and Sunday or $10.00 per year for the Daily Without Sundays. No bargain rates have been announced but we can save you money if you order The Chief and the Fort Worth Star-Telegram together at The Chief.

DALLAS MORNING NEWS

Those who are taking the Dallas Morning News by mail can get the paper again next year for $15.00 for the Daily and Sunday provided their renewal is sent in before the date of expiration. We will be glad to send off your renewal and can save yo ua little money if you order The News and The Chief direct from us.

NEWSPRINT CUT

Many daily papers are not taking new subscribers on account of the rationing of newsprint. A further cut of 5 percent was announced in the amount allowed last week and another big reduction is expected soon.

If you want to take a daily paper, or renew the one you are now taking, call by The Chief.

Corporal Barker Dies In England

Corporal Glynn Edward Barker of Hall County, whose parents were reared in Comanche County, died recently in England according to word received here by his aunt, Mrs. C. E. LaRoque of Stag Creek.

Corporal Barker was the son of Rev. Jesse Barker, a Baptist minister and Beulah Moore aBrker, both of whom were reared in the Stag Creek community.

The following account of Barker's death is from The Turkey Enterprise:

Mrs. Beaulah Barker of Buffalo Flat community received a telegram Sunday from the Adjutant General at Washington, D.C., that her son, Corporal Glynn Edward Barker, 20 years old, had died in England on September 22nd. The cause of Corporal Barker's death was not stated in the telegram, however the Adjutant General advised that a letter follows, which no doubt will give the details so far as they are available.

A memorial service for Corporal Barker was held Monday afternoon at 4 o'clock at the Buffalo Flat school house and a large number of relatives and friends from the community, also also Turkey, were in attendance.

The service was in charge of Rev. Tommy Shannon with Rev. Pepper making an appropriate address. Barna Plaster, a neighbor for many years gave a prayer.

A beautiful floral offering from friends and relatives was arranged near the speakers' stand and later taken to the cemetery and placed on the grave of the corporal's father, the late Rev. Jesse B. Barker, who died November 9, 1937.

Surviving besides his mother are three brothers, Elwyn, Edwin and Billy Joe, and one sister, Mrs. Thora Baker.

Glenn was born July 23, 1923, and was converted at Bridle Bit in 1937. He enlisted in the armed service November 17, 1942.

Grand Jury Returns Eleven Felony Indictments; Reports Juvenile Delinquency Improved

Crime is decreasing in Comanche County according to the grand jury which adjourned here Thursday of last week after returning eleven true bills. Special mention is made of the decrease in liquor law violations in the complete report which follows:

To The Hon R. B. Cross,
District Judge:

We, the Grand Jury for Comanche County at the October, 1943 term of the District Court submit the following report:

We have been in session four days and have examined 33 witnesses and have found 11 true bills of indictment, all of which are felonies. We find that the county and precinct officials have promptly handled cases of a misdemeanor nature which fact has saved much time for the grand jury.

We find that the juvenile delinquency problem has improved in this county and we wish to thank all of those who have taken an added interest in the welfare of our young people. There is still much to be done with many such wartime problems at home and we believe our citizens will do their part here just as they are doing it in the front lines, always remembering that our boys must come back to the things they are fighting for.

We are glad to report further decreases in the crime of theft as well as liquor offenses. Most of the offenses with which we have had to deal have been committeed by people from other places and they have been few. However, we recommend a strict enforcement of all laws at all times so that no person who is against justice and right will feel comfortable living here.

We wis hto thank our District Attorney, Mr. Bill Allen, for his assistance and Mr. F. O. Jaye, the County Attorney, as well as the Sheriff, Clerk, bailiffs and all others who have fully cooperated with us in our investigation.

We have inspected the jail and find that it is as well kept as can be expected under the circumstances and that needed repairs have been contracted for by the county.

Having completed our labors, we respectfully ask that we be discharged.

OSWELL BRIGHTMAN,
Foreman.
J. M. HOLDRIDGE,
Secretary.

Italy's Surrender

(By D. Charles Clarke)

Was it a good thing for our side?

Of course in some ways it was good. We secured the major part of the Italian navy. However, we are having to fight German soldiers every inch of the way up the boot of Italy and they are much harder adversaries than the Italians would have been. We must prepare ourselves for heavy American losscs in boys killed and wounded. We read of American advances but are not told much of the cost in casualties or the fearful hardships endured by our boys. We are a long, long way from final victory. Germany shows very little signs of cracking on the inside and that is our only hope for an early victory in Europe. Germany's supply lines are getting shorter on all fronts—ours are getting longer. Before we take new harbors or air fields, we must first practically destroy them and then they must be rebuilt before we can use them. All of this takes time, material and money.

Don't be afraid you will buy too many War Bonds. We will all have to buy many more, for after Germany quits we will still have Japan to clean up and my guess is that will carry us into 1946.

After all that will come rehabilitation and, with greatly depleted natural resources, it will be a tremendous job.

Some day we may wake up to find we have cars but no gas to make them go. It is going to take billions of gallons of gasoline for our air forces and billions of dollars to pay for it.

We must continue to buy Bonds, more of them than we have bought. The boys who return from the war after living in fox holes with bullets singing about their ears will have every justification to look upon us as selfish ingrates, and despise us, if we let them down because we thing more of convenience, pleasure and money than we do of them.

I will add that a lot of very earnest prayers and living according to the first of the Ten Commandments may bring surprising results.

Indians To Take On Mavericks In Eastland Today

The Comanche Indians will take on the Eastland Mavericks in a District 12-A conference football game in Eastland this afternoon.

The Mavericks, in two conference starts this season, have defeated the De Leon Bearcats 13-0, and the Gorman Panthers 7-0. In a non-conference game, Eastland dropped a 20-0 decision to Coach Glenn Frazier's Coleman Bluecats.

The Indians hold a 6-0 win over De Leon, and are charged with a 16-6 loss to the Hamilton Bearcats, in the only two games played this season.

"We'll be in a little better shape this week than we were for last week's game with Hamilton," says Coach W. Z. Compton, who explains that Richard Armstrong and J. L. Cox will be ready to see some action.

Amstrong, hard running Indian back, who was injured in the De Leon game, was kept out of the Hamilton game. Cox, letterman tackle, who underwent an appendix operation in August, will probably see action for the first time this year.

Jersery Breeders Meet At De Leon Tonight For Session

Members of the Comanche County Jersey Breeders Association will meet tonight, Friday, Oct. 15th, at 8:30 o'clock in the City Hall at De Leon for a regular monthly session, according to the announcement of P. B. Franks, secretary.

Every member of the association is urged to attend tonight's meeting, Mr. Franks said, since several matters of importance will be discussed, and a number of committees are expected to report.

Despite the fact that it is almost impossible to get building material, one business building is going up in Comanche and another may get underway soon.

• •

Work is progressing nicely on the new tire building for the Comanche Investment Company on the Fort Worth Highway, two blocks east of the square.

• •

It is unofficially announced that other parties have purchased a lot a few blocks off the square on which a Zero Locker plant is to be erected.

• •

There are a dozen or more people in Comanche planning to build nice homes as soon as the war is over.

—o—

Both County Tax Collector P. A. Pettit and City and School Tax Collector H. R. Jones have adopted a policy of mailing out statements to property owners of the amount of taxes due.

• •

For many years this was not done and that perhaps was one of the reasons for so many delinquent taxes.

• •

If a business credit firm never sent out statements or sent around collectors, most of their accounts would remain unpaid.

—o—

Not counting the post office, The Comanche Chief is the oldest business institution in Comanche County, having been established more than 70 years ago.

• •

Just what business concern in Comanche is next to the oldest and still operating under its original name, we do not know, but the Elkins Tin Shop is among the oldest.

• •

The Elkins Tin Shop also enjoys the distinction of having carried an advertisement in every issue of The Chief for more than 30 years.

• •

The Comanche National Bank is perhaps the oldest business institution on the square with the exception of The Chief, having been established by the late J. B. Chilton in the 90's.

• •

Higginbotham Bros. & Co. is the oldest department store in Comanche, having been established here in 1901 although there were Higginbotham stores in De Leon and Dublin about 20 years prior to that time.

• •

There were some half dozen other big substantial credit general stores in Comanche at the time the Higginbotham store was established here, but these are all out of business now, most of them for more than 20 years.

• •

As we understand it, T. J. Williams, president of Higginbotham Bros. & Co., and present local manager, was the manager at the time of Higginbothams establishment here and has been ever since.

• •

This store is one of the few credit stores in Texas in the smaller towns that survived the change-over from serving an all-cotton country to that of a diversified farming section.

• •

It is also known for its accuracy. When you get a statement of an account from Higginbothams you can be just as sure that it is correct as you can about your monthly bank statement.

• •

This store also has a reputation as a community and civic leader. Higginbothams can always be counted on to back every worthy cause, just like it did recently during the Third War Loan Drive. When the Drive began to lag during the second week, Higginbothams bought four times its original liberal purchase.

The prestige of Congress has been at a low ebb for the past 10 years, says The Beaumont Enterprise.

• •

Some authorities on government say that Congress has virtually ceased to exist as an independent branch of the American government and that all its former powers now reside in the executive branch.

• •

The present Congress has shown some tendency to assert itself and to gain back some of its lost prestige.

• •

When the war is over, says the Houston Post, the uppermost question with all the people in all the earth will be where do we go from here?

• •

Safety and sanity would suggest to the American people that we go back to our constitution with more power in Congress whose representatives are elected by the people and less power with bureaus which are run by appointees who are not subject to the voters.

The cotton yield in this county will be about one-fourth of a bale per acre, says Herman Rauhut of Rauhut's Gin. The acreage is small and perhaps the crop will be only about half as big as last year, he says.

In Federal Court at San Angelo last week, two men were given prison terms for failing to report for induction into the Army.

One of the young men when asked why he did not report for induction as ordered by his Local Board, said, "I didn't break any law with the intention of doing so. I consecrated myself to Jehovah, God, to do his will and this covenant forbids me to take up arms."

To this Judge William H. Atwell replied:

IF THROAT IS SORE

IF A COLD has given you a miserable sore throat, here's how to relieve the suffering.

DO THIS NOW—Melt a small lump of VapoRub on your tongue and feel the comforting medication slowly trickle down your throat—bathing the irritated membranes—bringing blessed relief where you want it, when you want it.

DO THIS TONIGHT—Rub throat, chest with VapoRub. Its long continued poultice-and-vapor action loosens phlegm, relieves irritation, eases coughing, invites restful sleep.

FIRST METHODIST CHURCH

We were delighted with the good congregation that attended our Flag Dedication last Sunday. To date we have 89 names on our Honor Roll and Service Flag. We are very fortunate that we only have one Gold Star to date while there are other Flags that have many.

The subject for the message next Sunday at 1:00 a.m. will be: "The Trusteeship of the Gospel of Jesus Christ." The subject for the evening message at 7:30 o'clock will be: "Building Skyward." Our Sunday School will meet at 10:00 a.m. Our Sunday School is well organized and we have a class for every age and an efficient teacher for every class. And all of this provision was made because we are interested in your welfare, both in this world and in the world to come.

We extend a most cordial and urgent invitation to every one, who is not in Church and Sunday School, to attend all of our services. Our Church is friendly to visitors and we appreciate having visitors and we would appreciate it if our visitors would become regular attendants.

For the first three and one-half quarters, the Comanche Indians and the Hamilton Bulldogs played scoreless football, but in the last seven minutes, touchdowns came thick and fast in a ragged but very thrilling game here Friday night, and the Bulldogs came out on the long end of a 16-6 score.

Hamilton scored first mid-way in the last period, when in a backfield mix-up Bowman's center went wild and was recovered by Kirkland, Indian back, behind the goal line for a safety, giving the Bulldogs two points. The Indians kicked off from their own twenty and Roberts, speedy Bulldog back, raced it back to the Comanche thirty. Two line plays gave the Bulldogs a first on the Indians six yard marker. With fourth down, and still needing five yards, Hamilton connected with a pass and scored the first touchdown of the night. Roberts raced around right end for the extra point, putting the visitors out in front 9-0.

The Bulldogs kicked off to Carpenter, who returned to the Indians forty yard marker. Carpenter next passed to Sprouse, end, who made a good catch on the Bulldog forty. On the next play, Co-Capt. Carpenter shot a pretty pass to Co-Capt. Burks in the left flat, and Burks made a sensational grab of the ball right out of a Hamilton back's hands, and raced forty yards for a touchdown.

Carpenter of the Indians kicked off over the goal line, and a fast Hamilton back raced the ball bac kto the Indians forty, when Murphree, Indian end, and the last man between the ball carrier and the goal line, brought him down.

From here the Indians held for three downs, and Hamilton punted to Bobbie Marshall, small Indian safety, who tried to handle the ball near the goal line, misjudged it, and Hamilton recovered over the goal line for the game's final touchdown. The Bulldogs hit the center, for the extra point.

Hamilton kicked off again and the Indians returned to the forty. A pass was good for fifteen yards. Carpenter picked up five off tackle, and the game ended.

In the first half, it was all Hamilton. Bulldog drives were twice stopped inside the Indians ten yard marker, and the visitors had a first down on the Comanche four when the half ended.

Marshall, Indian safety, probably got more tackles than any man on the field; his defensive work stood out. Mainstays in the Comanche line were Jack Hicks at tackle, Murphree at end, and Kirkland at guard.

Carpenter and Burks, co-captains, headed Comanche's offense, and turned in good jobs on defense. Carpenter punted well for the Indians.

Richard Armstrong, star Indian back, who was injured in the De Leon game, wasn't in the lineup, and neither was J. L. Cox, letterman tackle, who recently underwent an appendectomy. Both Armstrong and Cox are expected to be ready for today's game at Eastland.

Indian starters: Ends, Murphree and Sprouse; tackles, Hicks and Dudley; guards, Gore and Howell; center, Bowman; backs, Carpenter, Burks, Marshall, and Kirkland.

RISING STAR GIRL ENLISTS IN MARINES

Annette Burkhead, daughter of Mrs. Payne Burkhead, tax assessor for the town of Rising Star, is now a private in the U. S. Marine Corps.

Miss Burkhead, who was statistician for the Interstate Theater Circuit before she enlisted with the Leathernecks, attended Daniel Baker College and was a member of the Red Cross Motor Corps.

She will undergo her Marine training at the famed Marine base, Camp Lejeune.

Early Days In Duncan Sector

(By Pete Pagan)

A few months ago Will Weaver had a piece in this paper telling about the time he taught a school at the old Duncan School house, and if you remember he complimented the community very highly and said when a neighbor got sick in that community and got behind with his crop all the neighbors would turn out and plow and hoe his crop. And assist him in every way possible until he could get on his feet again. That is a custom they still practice.

Will Weaver told the truth. I can remember quite well my father sending we boys to cut wood

P. A. PETTIT, Assessor-Collector, Comanche County, Texas. (1tc)

I went out to Van Dyke a year or so ago to church one night and about a dozen or so of those old boys were there with about two of the top buttons of their shirts unbuttoned and believe me after church they covered me up asking me to go home with them.

Well do I remember Uncle Clabe Fritts. When they would have a funeral in the country, Uncle Clabe would always go help dig the grave and then lead the song service at the funeral. Uncle Clabe didn't have a voice like an opera singer but his works and life still live on in the hearts and memories of the people. Then after he passed on, Clint led the song service at Zion Hill as long as he lived. Now, for you to know who Uncle Clabe was, he was the father of Clint and John Fritts, and a grandfather of Henry and Walter Fritts.

My father said he landed here over 63 years ago with a wagon, two ponies, a wife and three children, and $3.75 in cash. He said for every 100 rails he split for Clint Fritts he got one bushel of corn, and corn was hard to get.

I would like to mention some of

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACTS OF CONGRESS OF AUGUST 24, 1912, AND MARCH 3, 1933 Of The Comanche Chief published weekly at Comanche, Texas for October 1942.

State of Texas
County of Comanche ss.

Before me, a Notary Public in and for the State and county aforesaid, personally appeared J. C. Wilkerson, who, having been duly sworn according to law, deposes and says that he is the Owner of the Comanche Chief and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management (and if a daily paper, the circulation), etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, as amended by the Act of March 3, 1933, embodied in section 537, Postal Laws and Regulations, printed on the reverse of this form, to wit:

1. That the names and addresses of the publisher, editor, managing editor, and business managers are: Publisher J. C. Wilkerson, Comanche, Texas; Editor J. C. Wilkerson, Comanche, Texas; Managing Editor, J. C. Wilkerson, Comanche, Texas; Business Manager, J. C. Wilkerson, Comanche, Texas.

2. That the owner is: (If owned by a corporation, its name and address must be stated and also immediately thereunder the names and addresses of stockholders owning or holding one per cent or more of total amount of stock. If not owned by a corporation, the names and addresses of the individual owners must be given. If owned by a firm, company, or other unincorporated concern, its name and address, as well as those of each individual member, must be given.) J. C. Wilkerson, Comanche, Texas.

3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are: (If there are none, so state.) None.

4. That the two paragraphs next above, giving the names of the owners, stockholders, and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association, or corporation has any interest direct or indirect in the said stocks, bonds, or other securities than as so stated by him.

J. C. WILKERSON, Publisher.

Sworn to and subscribed before me this 8th day of October 1942

Kidneys Must Work Well-

For You To Feel Well

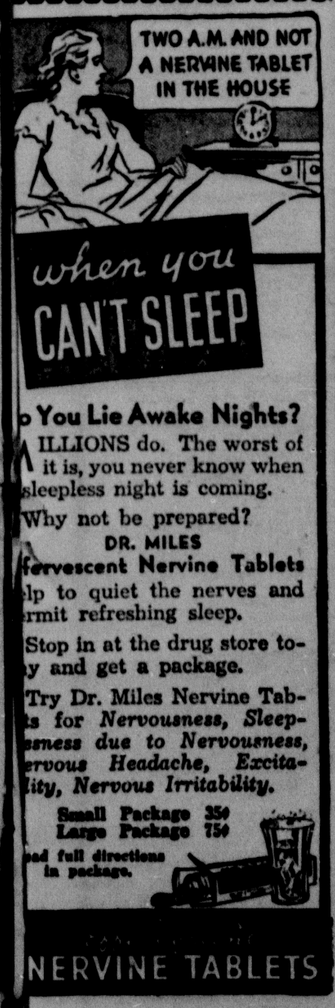
24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood.

If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of *why* the whole system is upset when kidneys fail to function properly.

Burning, scanty or too frequent urination sometimes warns that something is wrong. You may suffer nagging backache, headaches, dizziness, rheumatic pains, getting up at nights, swelling.

Why not try *Doan's Pills*? You will be using a medicine recommended the country over. *Doan's* stimulate the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get *Doan's* today. Use with confidence. At all drug stores.

DOAN'S PILLS



Do You Lie Awake Nights?

MILLIONS do. The worst of it is, you never know when sleepless night is coming.

Why not be prepared?

DR. MILES Effervescent Nervine Tablets help to quiet the nerves and permit refreshing sleep.

Overweight Oil Undermines Your Car

Why Lightest grades of oil are made safe for you by changing to Winter OIL-PLATING

Any oil that has been doing its best in your car for a while back, will be badly overweight this Winter. Everything ever said about not being caught with overweight oil goes double today on account of rationing. Your battery has been undercharged, because your car now runs fewer miles per start. Your gasoline has been wasted by the drag of overweight oil. Your engine has been abused because it hasn't been warm steadily enough for ideal lubrication. Your car could approach the end of its rope with any overweight oil apt to become jelly-like. Before Winter causes that, go *light*.

Whatever you do, change oil for *lightness*. At the same time though, you can make the whole big change to an OIL-PLATED engine, by getting popular-priced Conoco Nth motor oil—just as *light* as needed. OIL-PLATING is applied to inner engine surfaces as closely as chrome plating on your bumpers. The "magnet-like" properties of a Conoco Nth synthetic are the basis of OIL-PLATING. No plating would all drain down to the crankcase fast. It can long remain at its topmost point to safeguard the very first starting stroke. And right after that, even the *lightest* Conoco Nth oil assures an extremely strong normal type of fluid oil film. Oil film and OIL-PLATING are both present to rebuff wear, and that's how your engine can go through a long Winter—and a long War—always using its *lightest* possible Nth oil economically. Change at Your Mileage Merchant's Conoco station today. Continental Oil Company

Dread Engine Acid is Fought by OIL-PLATING

Normal combustion always leaves acids inside of your engine when it stops.

Formerly it seldom stood idle long. Soon mileage and speed heated your engine enough to oust acids.

But nowadays rationing may force long rests, while corrosive acids gnaw. To combat corrosion, metals are plated. You combat acid corrosion with your engine OIL-PLATED.

(Another chapter in the story: "Working for Victory on the Santa Fe")

Making new ones out of old ones

Old gondolas rebuilt from used materials in Santa Fe Shops

Many a veteran Santa Fe gondola, already marked for retirement, has had to take a new lease on life these days.

Battered, broken and ready to quit, these hard-worked cars no longer had the strength to hold their loads.

Somehow, these "old boys" had to be kept rolling!

So Santa Fe shopmen got busy. They took old steel ends from broken-down box cars, and rebuilt the old gondolas with steel sides, and a new, steel-reinforced floor—all made from *old, used materials.*

Now, these rebuilt old gondolas are proudly hauling coal and ore today to the mills, war material to Army camps, tanks and guns to waiting ships—and doing their part in binding an entire nation together into one unified war effort.

Here's How It's Done

Old steel box car ends are cut in half, and the two halves, "A" and "B," reassembled and riveted to the frames of the old gondola. Old steel beams are used to reinforce new floors in place of the original wooden beams. The running gear is completely overhauled.

MONA JOY ARMSTRONGS SPORTS EDITOR OF LASS-O

Miss Mona Joy Armstrong, daughter of Mr. and Mrs. L. O. Armstrong of Sidney, has been named sports editor of The Lass-O, student weekly newspaper published at Texas State College for Women. She is a junior journalism student.

Others on the staff are Rose Samsel of Evanston, Ill., editor in chief; Johnnie Shawver of Vineyard, associate editor; Rose Mooneyham of Denton, business and circulation manager; Mary Frances Jamison of Sherman, society editor; Ruby Letz of Old Glory, amusement editor and Margie Haney of Roscoe, cartoonist.

M. D. WHEAT SAYS THINGS ARE GOING GOOD AT DE LEON

Things are going good at De Leon, says M. D. Wheat, 72, of that city who was in Comanche recently to renew his annual subscription to The Chief.

Mr. Wheat came to Comanche County 33 years ago from Merkel in Taylor County. For many years he was a farmer and a carpenter, but has now retired and is drawing a pension. He says he believes in keeping his pension money circulating and knows of no better investment for a dollar than The Comanche Chief so that he can keep up with the county news.

He is the father of Jack Wheat of Comanche.

Juvenile Tenacity

Mother: "Now, Junior, be a good boy and say 'Ah-h-h,' so the doctor can get his finger out of your mouth."

Winter Legumes Bring Returns In Soil Program

"Winter legumes are the farmer's best bet to off-set a shortage of nitrogenous fertilizers," A. E. Boyd, Chairman of the Comanche County AAA Committee says.

Winter legumes have the same effect on the soil at nitronegnous fertilizers and will also earn soil building payments under the AAA program. Many farmers in the county have not earned the full amount of the soil building allowance available for their farms.

Practices which can be carried out between now and the close of the program year, which is November 30, include terracing, contouring, building earthen dams and reservoirs, eliminating prickly pear and cactus, noxious underbrush, bushes and shrubs and planting winter legumes such as vetch, Austrian winter peas and bur clover.

Many farmers are seeding rye and small grains as a cover crop. With a favorable season this will qualify for a payment in 1944.

AAA's compliance records show that over 200 earthen tanks and over 125 miles of terraces have been constructed so far this year.

Farmers who have not earned their maximum payments are being asked to confer with community committeemen, county committeemen or personnel of the AAA office and work out worthwhile soil building practices for their farms through which maximum payments can be earned before the closing date.

A child's laxative your child should LIKE

When your child needs a laxative give him one he will probably enjoy taking—pleasant tasting Syrup of Black-Draught. Given as directed, it is usually mild in action, yet effective.

Singing Sunday At Board Church

There will be a singing at Board Church Sunday, October 17, according to an announcement from R. E. Nance.

"All singers as well as other visitors have a cordial invitation to attend this singing, which is held every third Sunday of the month at Board Church," Mr. Nance says.

RITCHIE REUNION HELD AT LAKE EANES PARK

The children of the late A. L. Ritchie held their annual reunion at Lake Eanes Park August 28-29, in celebration of the eighty-eighth birthday of their mother.

A. L. Ritchie was among the early settlers of Comanche County, moving to this section in 1883. He carried the mail from Comanche to Hamilton in the early days on horseback. Later he drove a hack from Comanche to Zephyr, as that was the only mode of travel at that time. He passed away in 1925.

A few years later his widow was married to E. McGinty. He also has passed away. Mrs. McGinty still lives in Comanche and has been a resident of this section for 60 years. She has reared nine children, all of whom are still living and were present at the reunion. She has 100 descendants; nine children, 39 grandchildren, and 52 great grandchildren.

The children are Travis Ritchie of Post, Mrs. Julian Johnson and Mrs. Harley Williford of Comanche, Mrs. S. L. Miller of Brownfield, Mrs. Fait Smith of Ropesville, Lee Ritchie of Zephyr, Ernest Ritchie of Dallas, Mrs. E. H. Lewis and Mrs. Elmer Roe of Seymour.

Owing to difficulties of travel, there were only 45 who attended the reunion this year. Among that number were children, grandchildren, great grandchildren and friends.

We hope to hold our next reunion at Lake Eanes, and wish to thank the City of Comanche for such a nice place where the public can enjoy gatherings and outings.

In a gay and carefree mood, a man telephoned a friend at two o'clock in the morning. "I do hope I haven't disturbed you," he said cheerily.

"Oh, no," the friend replied, "that's quite all right. I had to get up to answer the telephone anyway."

A American newspaper correspondent in Japan wrote to a friend, "I don't know if this letter will ever arrive, because the Japanese censor may open it." A week later he received a note from the Japanese post office saying, "The statement in your letter is not correct. We do not open letters."

Help Yourself

Helping Us!

The coming of the Winter means that every home will need fuel so that warm, comfortable conditions can exist. Many who have their gas meters disconnected during the Summer months will want these reconnected soon.

We ask that every home arrange to have its meters connected and other services looked after now. The shortage of help as well as as other restrictions of the War Effort will place our company under a heavy strain if we should be called on to make all connections on short notice. By allowing us to take care of these requirements before actual Winter weather gets here we can give you protection.

In the event of a cold Winter spell of weather, and all our patrons wanting immediate service it is possible that our working force might not be able to handle the job as well as we would under normal conditions.

Your gas company is cooperating with the Government in the war effort one hundred percent. And we must continue that—not only because we want to but because it is our patriotic duty.

Your Consideration of This Appeal Will Be Appreciated
